

Guardian Telecom VoIP Interoperability Guide

IP Phone Server Compatibility List

Guardian Telecom VoIP products are compatible with all IP-PBXs that support the SIP protocol. Current interoperability testing is being conducted with numerous IP-PBX makers. Guardian Telecom VoIP products interoperate with particular IP-PBXs without pursuing official certification. In those cases, rigorous in-house testing has been performed with IP-PBXs, and through such testing interoperability is verified.

	3CX's IP PBX
	8x8 IP PBX
